PROCEDURES FOR MEDICAL EMERGENCIES

In case of a severe injury or illness, the director, assistant director or classroom teacher will first call the Fulton County Emergency Medical Squad (911) and then call the parents. If the parents or an emergency contact are unavailable, the director or assistant director will follow the emergency vehicle to Scottish Rite Hospital (1001 Johnson Ferry Rd.)

If the injury does not warrant a call to 911, but does require immediate medical attention (and the parent or emergency contact person cannot be reached), two staff members will transport the child to Scottish Rite Hospital.

All minor injuries will be handled in house. In the case of minor illness, the parents (guardian) or emergency contact will immediately be called. If no one can be contacted, the child will remain in the director's office until school is over or until a parent or emergency contact is reached.
